

# IKR1224DAB – a timeless and elegant radio. Can be placed at the table or on the wall...

IKR1224 has developed into a classic design. The stylish and timeless radio has an incredible simple interface with storage up to 10 firm FM and DAB stations.

The operation is easily conducted via buttons at the front panel or you can use the included remote control.

Including a user-friendly remote control in a smart design...

The sound is pure and clear in all nuances. As all other IRC products, it has a built-in equalizer for individual setting of treble and bass levels. Mp3 player and headphones can be connected, for example. This radio is connected to the mains, and can be placed at every flat surface or, if you like, on the wall.
